To a more beautiful face line.

Specialized in Forming Small Face Skin Activation Serum

This serum contains our own blend of high-grade natural ingredients, which ability is akin to electric facials. It quickly infiltrates deep inside the skin cells, and you will feel your skin being lifted up in about 15 to 30 minutes. High-performance components such as fucoidan activate your skin cells, and you will see the effect.

The product is unscented, uncolored, paraben free, non-silicon, and non-mineral oil, so it can be used safely.

- Unscented
- Uncolored
- Paraben Free
- Non-Silicon
- Non-Mineral Oil

What is the "FP" of FP Seires?

Supports youthful skin and face line.

FP (Fucoidan Point) is named under the hope that the effect of fucoidan would maintain our immune system, improves our blood circulation, protect, reinforce, and aliment our cells, just as it is affecting to each "point."

The products of the series are experts in keeping your skin young.

Solves facial issues. To the acme of beauty.

Improves Wrinkles, Elasticity, and Sagginess.

Effective for burning subcutaneous fat, decomposing cellulite, improving blood circulation, anti-inflammatory, lifting up, increasing elasticity, inducing excretion, maintaining beautiful and youthful skin, and blemish/dullness care. Once you use the product, the effect will last for approximately 5 hours, if you don't wash it off. It affects the recovery power of your skin and demonstrates bounciness. Regardless of your age, this product can be use to improve wrinkles, elasticity, and Sagginess, and expect your skin to become younger.

How to use

Step 1

Take proper amount of serum. (Spread one push of serum evenly)

Step 2

Put the serum onto several parts of your face and spread it out from inside to outside. You may repeat the procedure to specific parts.

Step 3

Cover your face with your palms and press gently. Press even more gentlier for parts such as around your eyes and lips, where the skin is delicate.
